### About

I'm a full-stack developer driven by a passion for using technology to improve lives and build strong communities. I have a strong background in problem solving, communication, and adapting to achieve the best outcomes. My goal is to always learn and stay at the forefront of technological advancements so I can make a positive impact in any industry. I'm excited to build meaningful solutions and make a difference.

### SKILLS

Full-stack development, Problem solving, Communication, Detail-oriented, Adaptive, Learning and staying at the forefront of technological advancements.

### SOFTWARE

React, JavaScript.

CSS, PostgreSQL, Html, Express, python

### RELEVANT EXPERIENCE

**Software Engineering Immersive Fellow | General Assembly** | Remote | Nov 14 2022

Successfully completed 500+ hours of expert-led instruction in Software Development technologies and hands-on learning. Developed projects, including:

- A board game that challenges your memory: Added a set Timer function, event listeners, added win function, and start, stop, and reset buttons.
- Shopping App: Added API, and Restful Routing, authenticated the app, added controllers for users, food, and comments, and created models with PostgreSQL.
- MERN Mavericks: Group project, my role was to implement edit, and delete routes and part of styling the app.

**Nebula Doulas** | Walnut Creek Ca | Mar 2020–Current

- Experienced self-employed business owner with skills in management, website design, SEO, financials, marketing, and customer service
- Started own business by forming LLC and handling all legal requirements
- Strong understanding of industry with a dedication to growth and improvement
- Comfortable taking risks to achieve success

Brand Ambassador | **Heineken** | Nairobi Kenya | Nov 2015–July-2017

- Extensive experience in promoting and representing the Heineken brand to consumers
- Successfully executed various promotions and events, including:
- Sampling activations at retail stores
- Sponsoring local events and festivals
- On-premise activations at bars and restaurants
- Educated consumers about Heineken's product features and benefits, and engaged with them to create a positive brand image
- Worked closely with sales team to increase brand visibility and distribution in assigned territory
- Developed and maintained relationships with key accounts, such as retailers and on-premise establishments
- Helped train and mentor new brand ambassadors
- Developed marketing, sales, and customer service skills, and gained a deeper understanding of the beer industry and consumer behavior

## **EDUCATION**

**General Assembly | Software Engineering Immersive** | Remote | 2022

Sacramento City College, Sacramento — *Behavioral Sciences* Aug- 2017 - Mar- 2020
